“Since I graduated from NECLP, I have built a very strong network and very good connections with top leaders from other communities and their organisations. I have been empowered and more confident to empower the community, especially the most vulnerable and isolated community members, and support them to have a sense of belonging to the wider community.”

SHABNAM DALIRI

“This program is so amazing and I would recommend it to people who want to do something new, challenge themselves and build up strong leadership skills.”
